HORATIUS, *Lib. IV. Od. 8.*

Vorrede.

Vor dreyzehn Jahren habe ich es gewagt, ein Handbuch der neueren Brittiſchen und Amerikaniſchen Litteratur von zwey Jahrzehenden, unter dem Titel: Das gelehrte England oder Lexikon der jeztlebenden Schriftſteller in Groſsbrittannien, Irland und Nord-Amerika, nebſt einem Verzeichniſs ihrer Schriften; vom Jahr 1770 bis 1790. Berlin u. Stettin. 1791. herauszugeben. Dieſer erſte Verſuch iſt von Freunden der Litteratur ſo günſtig aufgenommen worden, daſs ich mir es ſogleich zur Pflicht machte, alles was zur Verbeſſerung des erſteren und zur Fortſezung deſſelben ſeit jenem Zeitpunct beytragen könnte, mit Fleiſs zu ſammeln. Ein ſolches Unternehmen erfordert eine eigene Gedult und Aufmerkſamkeit; einen Zeitaufwand, zu welchem nur eine beſondere uneigennüzige Vorliebe den Muth geben kann; aber auch dieſe würde den Nachtrag nicht zu Tage gefördert haben und meine Sammlung wäre wahrſcheinlich in meinem Pult verſchloſſen geblieben, wenn nicht der um die Ausbreitung der Lit-

teratur in Deutſchland ſo ſehr verdiente Herr *Nicolai*, in Berlin, zur Bekanntmachung derſelben die Hand geboten hätte.

Gern hätte ich es, in mancher Rückſicht, geſehen, wenn auch dieſe Fortſezung in einem mäſsigen Band, ſo wie der erſte Verſuch, hätte geliefert werden können; da ich aber mich nicht bloſs auf die neuen Schriftſteller, welche ſeit dem Jahr 1790 angefangen haben zu ſchreiben, allein einſchränken durfte, ſondern, um vollſtändig zu ſeyn, auch das Verzeichniſs der Schriften, welche die älteren Schriftſteller in dem Zeitraum vom Jahr 1790–1803 oder bis an ihren Tod, geliefert haben, fortſezen muſste; da ich auſserdem, ſo wie im erſteren Verſuch auch hier, alle kleinere Abhandlungen eines Mannes, welche in den Geſellſchafts- und periodiſchen Schriften zerſtreut vorkommen, mit möglichſtem Fleiſs zuſammenſtellen wollte, ſo lieſs ſich dieſes nicht in einen Band zuſammenfaſſen.

Den Freunden der Engliſchen neuern Litteratur, welche nicht allein den litterariſchen Fleiſs eines Mannes kennen lernen oder die Geiſteswerke, welche er geliefert hat, mit einem Blick überſehen wollen, ſondern auch Nachricht von ſeiner Ausbildung, ſeinem Wirken auf andere, ſeinem häuslichem Leben u. dergl. zu leſen wünſchen, wird es nicht unangenehm ſeyn, daſs ich bey Lebenden und vorzüglich bey verſtorbenen Schriftſtellern die Werke angezeigt habe, welche Nachrichten von ihrem Leben enthalten.

Die

Die Schriftſteller, welche in dieſer Fortſezung zum erſtenmahl erſcheinen, habe ich mit einem Sternchen (*), vor ihrem Namen, bezeichnet; die andern Artikel ohne Sternchen, enthalten die litterariſchen Arbeiten ſolcher Schriftſteller, welche in meinem erſten Verſuch ſchon vorgekommen ſind.

Die Berichtigungen und Zuſäze zu dem erſtern Werk, die dieſer Nachtrag enthält, habe ich, zur Erſparung des Raums, nicht jedesmahl ausdrücklich bemerkt, weil ſie ein jeder, bey angeſtellter Vergleichung, leicht ſelbſt finden kann.

Seit dem Jahre 1790 ſind zwey Schriftſteller-Verzeichniſſe von lebenden Engliſchen Gelehrten erſchienen; Das eine mit dem Titel:

> Literary memoirs of living Authors of Great-Britain — in two volumes. London. 1798. 8.

das andere:

> A new catalogue of living English authors — Vol. 1. London. 1799. 8.

Dieſer Band enthält die Buchſtaben A-C. Sechs Bände ſollten das ganze Werk beſchlieſsen, allein noch iſt nicht der zweyte Theil erſchienen. Erſteres iſt ſehr unvollſtändig und wenig genau, etwas beſſer iſt das zweyte; allein beyde ungenannte Verfaſſer haben die lebenden Gelehrten und ihre angeführten Schriften groſsentheils mit einer partheyiſchen, öfters bittern und inhumanen Characteriſtick begleitet, welche nicht zur Würdigung ihrer litterariſchen Bemühungen gehört.

Auch diesesmahl kostete es mich nicht geringe Mühe zu erfahren, ob ein Schriftsteller noch lebt und in welchem Jahr er gestorben ist; bey mehreren habe ich deswegen ein Frage-Zeichen (?) beygesezt, wo ich gefunden habe, dass eine Abhandlung nach seinem Tode erst gedruckt worden ist; aber dass ich nicht manchen, der längst gestorben ist, noch unter die Lebenden gezählt habe, kann ich nicht verbürgen. Ich wiederhohle daher meine Bitte mich mit Berichtigungen und Beyträgen zu unterstüzen;

Möchte ich eben das Glück, wie Herr Professor *Ersch* in Halle, geniesen und solche Berichtigungen und Beyträge aus England selbst erhalten, wie der achtungs-würdige Litterator des Gelehrten Frankreich's sie so reichlich aus Frankreich selbst erhielt!
